

## How to apply

Online registration service is available on:

<http://inforino.mpei.ru/submission>

1. At the first step you should register your paper online and provide the following information:

- Session name;
- Paper title;
- Your contact email;
- Information about each author.

**Attention!** There is special fee for students and postgraduates, but such papers have some restrictions:

- No more than 3 authors;
- Scientific supervisor could be one of the authors;
- Student/postgraduate must present paper at the Conference by himself.

2. After completing online form you should press «Register» button. After that, registration service will send to your contact address an email containing:

- Paper ID, which will be used for further access to specific application;
- Link to the paper processing page used for additional processing of application.

3. Before **May 7<sup>th</sup>, 2018 (updated)** you should upload initial text of your paper. Paper should be submitted in a PDF format (do not use PDF-eXpress service on that stage). The information about the authors should be excluded from the initially submitted paper for peer review process.

Paper should be four or six pages long and should meet the IEEE manuscript requirements. Two additional pages can be submitted for extra 20 USD per page.

4. Before **June 4<sup>th</sup>, 2018** you will get notification about paper acceptance. The information will be available at paper processing page (see. #2) and will be sent by email to contact address.

5. In case of paper approval (with status “Approved/Correction is required” at paper processing page) you should upload final paper before **July 2<sup>nd</sup>, 2018** (with information about authors).

6. Before **October 1<sup>st</sup>, 2018** you should pay conference fee and present information about payment at

paper processing page (upload scan copy of receipt).

7. Make your presentation at Inforino 2018 Conference (will be held **October 23-26, 2018**).

Accepted papers presented at oral or poster sessions will be submitted to IEEE Xplore database to be cross-referred in Scopus and Web of Science.

Timetable of the Conference:

October 23<sup>rd</sup> – Technical visits on MPEI's facilities

October 24<sup>th</sup> – Welcome reception, Opening ceremony, Oral and Poster sessions

October 25<sup>th</sup> – Oral and poster sessions, Closing ceremony

October 26<sup>th</sup> – Cultural visit
